Kangaroos are found in Australia
 A red kangaroo is a mammal
 Not small at all
 Good at hopping
 As a result they move about
 seeking where the best grass grows
 Red kangaroos are generally found
 on the open plains of Australia
 On hot days Red Kangaroos sleep in hollows
 On the female kangaroo there is a pouch

Christine

 In Africa and India they live
 Open their mouths to roar

A POEM.

A Poem Can Make You Feel Bad?
 A Poem Can Make You Feel Glad?
 A Poem Can Make You Feel Sad?
 So A Good Poem Can Make You Feel Glad?
 And A Bad Poem Can Make You Feel Bad?
 And So A Sad Poem Will Make You Feel Sad?
