

# 3-4C Dance Around the World 3-4P

The 'Dance Around the World' concert was great because we got along well with Melissa. I especially liked 'The Zorba Dance' because we got the crowd going.

~ Chan

We were all very nervous but we had to think "WE CAN DO IT" and in the end everyone did a great job! It was a fabulous performance and very exciting. I learnt if you work hard you can achieve anything.

~ Maddie

How exciting, we got to dance around the world! Grade 3/4C performed a Hawaiian dance and the Greek Zorba to an enormous crowd of parents and grandparents. For me the dance was a good experience because I now feel more confident with being in front of a big crowd.

~ Nicole

We were very excited as we got changed into our costumes. We performed 'Wipe Out', 'The Zorbas' and 'The Journey'. It was a fabulous performance and the crowd went wild. We were all tired out when we finished. The best thing was that we used all the "You Can Do It" keys. We learnt if you work hard you can achieve anything.

~ Benedict

We performed a number of dances from around the world like the hula and Zorba's dance from Greece. At the end of the performance the audience went wild. The children were very tired and happy!

~ Matthew

We performed seven dances altogether. All the parents came to see our fabulous dances. I felt excited and scared at first but when I started dancing I felt confident. Everybody liked the concert a lot! I learnt lots of different dances and about how to organise a production.

~ Grace

Dance was a great experience for me because I gained a lot of things like improving my "You Can Do It" skills. Our dances were really fun. They were from Cuba and Egypt. I learnt that Cuba has had the same president for 50 years! Imagine having John Howard for 50 years!!

~ Nicholas U

I was horrified when my skirt fell down! I had to tie it again as fast as I could. After that dance there were a few more dances then we had our Egyptian dance. It was a great day with lots of learning experiences and I had a really good time.

~ Melissa

The 3/4/5s had a great treat "Dance Around the World". We have been practising for the last eight weeks. We had all been looking forward to the big performance at Mullauna College. All the dances put together looked great!

~ Tessa
