

Coco's Lunch

All the singing, dancing, and music beats were so good. It filled my heart up with laughter. It was so worth it. I really liked it. It was the funniest thing I've ever heard. I really enjoyed it. *Yoshe*

The reason I like them so much because they made all those funny sounds. I also like them because they play all their music with drums and coconut things. *Joey*

'Coco's Lunch' was great. The group sang amazingly. I am sure everybody enjoyed 'Coco's Lunch'. *Talan*

They were amazing. They pretended to play instruments and it was funny. *Ruby*

What a wonderful term. It has been great. But the thing I liked the most was definitely 'Coco's Lunch'. It was funny, beautiful and fun. *Jayden*

Healesville

Chug a chug chug: it was a long, long drive to Healesville, but it was all worth it. Watching the animals being fed was one of the best experiences I have ever had. *Trent M*

It was a grave but great day when we went to Healesville. The great part was visiting Healesville. The grave part was that we passed a puppy that had been run over. It was really sad. *Matt*

Maths Mentors

It wasn't $1+1=2$, it was problem-solving and that's where the Mullauna Mentors came in. They made problems for us and helped us solve them and understand them, mathematically! *Jessica*

Maths, Maths and more Maths. I participated in the Mullauna Maths Mentors and the maths was pretty hard and some were pretty easy. My mentor was Ellie and I thought she did a great job as a mentor because I learnt a lot! *Judy*

Science

I think Science Workshops were good, especially when the girl from the CSIRO did an experiment with highly flammable powder. She shot at a blowtorch and made a GIGANTIC flame. *Jack M*

Holding, touching, watching and learning - that's what it was all about. Animals are amazing and animals are what we learnt about. There was lots more at Mullauna College during the science workshops. *Heather*

Jason, Lincoln and I went to Eastland to build robotics for 90 minutes. I really enjoyed the experience and Mrs Bowden bought us a sundae as a treat. *Chris*

Parliament House

Up we go on the escalator then down the streets to Parliament House. In we go for an exciting tour through the Treasury building with exciting gold to see. *Azizah*

As I went into the room it was full of two big chandeliers. I couldn't believe that I was in Parliament House and learning about it. *Kim-Qui*

We did many things this term, but seeing Parliament House was one of my favourite experiences. It was amongst the most beautiful sights I have ever seen. *Kate*

Mini Olympics

Wow! What a great term it has been! There is so much going on, but the first thing that comes to mind is the mini Olympics! I had the honor of carrying the torch in the opening ceremony before the mini Olympics. I had a great day going to all the activities. It was heaps of fun! *Lucy*

Bully Busters

Term 3 was great. I enjoyed Bully Busters the most. It taught me a lot about bullies such as why they do it. It was fantastic. *Stella*
