

# Memorable Moments & 'Thankyou!' from Yr 6

The greatest, most spectacular thing I've learnt is not to be modest and to trust my intuition and most importantly is to kick butt. I know it isn't maths or English that's my most spectacular thing I've learnt, it is a wonderful skill but I only speak the truth. The second greatest thing is "life ain't easy" and I guess its not going to get easier. I will persist and hope for the best to come. As we grow we learn, we'll never stop learning no matter what!~ JESSICA

I would like to thank all the teachers in Mitcham Primary School, especially my favorite teachers Mrs. Bowden, Ms Jenkins, Mrs. Burgess and Mrs Allingham for teaching me the basics of English. Thank you all for helping me with what I am now. ~ DAVOUD

I would like to say thank you to my mummy who helped me work hard. Second I would like to thank Mrs. Bowden for teaching me as well as all the teachers I've had past my years at Mitcham Primary. ~ AZIZAH

I would like to thank all the teachers that I've had in the past years especially Mrs. Bowden for making Year 6 worthwhile. ~ RUBY

I would like to thank Mrs. Bowden for teaching me for two years and also thank Ms Jenkins for teaching me for one year and all the specialists who taught me over these three years I have been at Mitcham. ~ ROBIN

Most of all I would like to thank all the teachers especially Mrs. Bowden for making my last year at Mitcham the best! She has taught me a lot this year. She has taught me not to fight back with other students and a lot of maths. Whoever is in her class next year will be lucky. I also would like to thank all the other teachers, MS Dolence for Music, Mrs Harrison for Art, and Mrs Edwards for most of PE and Mrs Bowden for preparing me for year 7 next year, Mullauna Secondary High School  
~ DANNY

One of the most memorable moments at Mitcham was when I became the schools Vice-Captain. It's been great and the best part was having one of my best friends as a partner, this changed my life at school forever. I had to work a lot harder and be a better role model for the younger kids. Another memorable moment was when I got a leading role in the Danger Kids. It was fun and scary. I got to see both nights because I'm in the Choir and had to sing on my off night. ~ JAYDEN

My Most Memorable moment was when I broke my arm in grade 1, then my friend when out and broke her arm! When any of the boys annoyed us we hit them with our casts! My teacher sometimes even told us to! From that day on none of the boys ever picked on us! ~ PHILIPPA

The greatest thing I learnt was Maths. Now I am excellent at it. I am learning more about fractions, problem solving, multiplication and BODMAS (BOMDAS).I would like to improve in all areas of maths.  
~ CHRIS

"Wow" a years gone already. I've had so much fun doing things like: School camp, game girl, interschool sports, our journey around the world afternoon, excursion to parliament house and heaps more. I have hardly noticed that this years almost gone. I have really liked going to school and have liked it more with a teacher like Mrs. Bowden. I really hope I have Mrs Bowden again next year too.  
~ KELLY

What I like about myself is that I am confident and always try my best. I also like that I am good at sport. I love to play netball and I have so much fun competing in the athletics. I also represented the school in the following events Hurdles, high jump and cross-country.  
~ LUCY

I would like to say THANK YOU to my mum and dad first of all for always being there for me behind my back whenever I needed them the most. I would like to also say thank you to the teachers that had me for the past 7 years. ~ KIM QUI

"Cool!" I was chosen to go and do some science at Mallauna College! On week one, Tuesday; we did a bit experi-menting, on week two, Wednesday; we made slime, on week three, Thursday, we made shiny slime and put it in a hand shape. Science has been fun! I hope I get chosen again for next year Science Work shops again! ☺ ~ STELLA

I can remember Beechworth camp and my recent country project. I remember *Game-Girl*, a live performance, and many more things. I've advanced so far, and still I can't wait for next year!  
~ KATE

So it's nearly the end of grade five for me and the best thing I like about this year was camp. We had a concert and a disco. We went to a Black Smith, a grave yard and tour around Beech worth. It was fun and I am going to Camp Coorong for sure. ~ JOEY

This year the entire grade 5/6 went to camp. It was so much fun every one liked it and it was so great. We had our own disco and we all enjoyed the disco. I had the best time so did my friends. After the disco we watched the film Chicken Run. ~ DARIAN

I've been to 3 schools but my favourite one is Mitcham P.S. because of all the nice people and there great computer lab it's got 15 computers and there great school camp to beech-worth but my favourite thing was inter-school sports  
~ JACK

I've thought about this a lot, but I'm still not sure. When I was in Prep I was probably hoping I could make it through Primary School but now I'm hoping I can pass VCE even just Year 7. I'm sure I will! I don't know what I want to be after that. I am sure it be working with animals or people. Maybe I'll be a teacher or a nurse. I don't know but I'm sure I'll be good at it. ~ HEATHER

I remember in grade 5 canoeing at Camp Coorong. Ashleigh P. and I were the second best team there. We were going fast, we lost control then hit the side of the bank. The canoe tipped after that we were soaking wet up to our necks. But it was all great fun. ~ JASON
