Why is Australia special?

The school system is different. In Germany it is harder - no fun. We have lots of nature, not like in Malta. We have unique kangaroos, platypuses and koalas and we have the biggest red rock. Our land is peaceful and the people are very friendly.

Immigration

Immigration is when people move to a different country. Lots of people have migrated to Australia for lots of different reasons. For example: jobs, a better life, family reasons, as refugees, and lots more.

My Mum migrated to Australia in 1993 and my great, great, great grandfather migrated to Australia in 1849!

If I found a gold nugget, I would

- buy a mansion;
- buy all of the four cars that I want, which are: Lamborghini, a gold car, Ferrari, and Porsche.
- give half of what is left to poor people and tsunami victims;
- give some to my family here and overseas;
- buy Beanie Kids.

Acrostic Poem

Really loves playing sport
Excellent and nice person
Bright and cheerful
Especially loves to play cricket and footy
Can do lots of things
Can play soccer as well
A wonderful person

Dear Chantelle,

I'm having a good time here. I really do miss you. You were my best friend at that school. I hated that school because the After-school Care gave me corn chips and flavoured chips and I'm allergic to them.

From your best friend,

~ *Jessica.*
