

10thth November 2021

Dear Grade 1/2 Parents/Guardians,

Mitcam Primary School is looking forward to another great year of teaching and learning and would like to advise you of Mitcam Primary School's voluntary financial contributions for 2022.

Mitcam Primary School is committed to excellence through innovative educational programs to improve student outcomes, put in place to cater for the needs and interests of our students. We make every effort to keep the cost of items and activities to a minimum and affordable for all parents. Each year School Council meets to consider the school's financial position and prepares a budget to cover the educational programs, administration, facilities development, and maintenance for the next school year.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible educational outcomes and support for our students. We want to thank you for all your support, whether it be voluntary contributions, fundraising activities or volunteering your time at MPS. This makes a huge difference to our school and the programs we can offer. Essentially, it is your contributions that allow MPS to continue to offer the enhanced learning programs and facilities that give your child opportunities beyond the traditional educational experience. We look forward to having your child return for an exciting year of learning in 2022.

Your 2022 Level 1/2 Contribution of \$385.74 contributes to:

Individual Stationery Packs to use and own, and additional classroom stationery supplies.

Extensive resourcing of classroom equipment, materials, digital subscriptions, and consumables that enrich learning in our core curriculum areas and the additional programs offered at MPS.

Additional Learning Enhancement and Support (Literacy and Maths).

Building and Grounds maintenance personnel to maintain our expansive 6-acre grounds, that include tennis courts, gymnasium facilities, hard courts and newly established play equipment, Performing Arts Centre, STEM Centre and 'Nurture Nature' Gardening Program facilities.

Ongoing special projects and grounds developments that enhance the recreational areas and outdoor learning spaces for our students.

Enhanced Wellbeing Support initiatives that include Positive Education – 'Resilience Project' as well as inclusive lunchtime programs that appeal to an array of interests, encourage inquiry, and inspire new enthusiasms.

Fully equipped Broadcasting Studio / Media Centre that incorporates our leading-edge audio and visual digital media platforms.
